PRICE THREE CENTS

STRONG NAVAL FORCE AT NICARAGUA

U. S. FLAGSHIP SENT TO SHANGHAI WILSON TO CONTEST SELECTION OF VARE

DESTROYERS READY FOR SUDDEN ORDER; SUPPLIES ARE SENT

Hankow Conditions Quieter—Refugees Tell Of Trouble

MANILA, Jan. 8.—The flagship Pittsburgh, carrying Admiral Williams, sailed from here today for Shanghai.

The destroyer Edsall was due to follow the Pittsburgh, Monday. The destroyer will carry field pieces, ammunition and other arms to Hankow, it was reported. The supplies will arrive here tomorrow on the transport Meiggs and will be immediately transferred to the Edsall.

Nine other destroyers of the Asiatic fleet are held in readiness here for a dash to China. They are subject to twelve hours' sailing notice.

SHANGHAI, Jan. 8.—Although conditions in Hankow are reported quiet, alarming reports now come from Kuklakang.

The Nationalist authorities at Kuklakang are reported unable to control rampant hordes which are thronging through the city, committing disorders.

The British nationals at Kuklakang have gone aboard a British warship and the customs officials have been given refuge on an American warship. The Japanese have taken no refuge and are safe, but fears are felt for their future safety.

Details of the troubles in Hankow are being relayed by the refugees who are arriving here penniless.

The Hankow disturbance arose from an insignificant squabble over customs, the refugees said. British marines were landed and gassed with a shower of stones from men in the mob, who took refuge behind women and children and massed upon the bunt. A bayonet charge by the marines was futile, due to the refusal of the marines to bayonet women.

The Hankow club, in Chinese territory, was looted on Tuesday and British residences and stores outside of the concession were also rifled, the refugees said.

LONDON, Jan. 8.—The situation at Hankow today remained tense and uncertain, with the Cantonese troops still occupying the British concession there, according to a Central News dispatch from Shanghai.

The affairs of the concession were being administered by a special commission appointed by Eugene Chen, foreign minister of the Cantonese Nationalist government.

Refugees arriving in Shanghai from Hankow declared British prestige suffered a great blow when the British authorities evacuated the concession before an unarmed Chinese mob.

SITUATION OVER LAND LAWS TENSE

CROSSES NOW SHOW ACCIDENT CAUSES

PRINCE FALLS-YOU KNOW REST

NATIONAL HIGHWAY MAY STRIKE XENIA

There are now some 1800 white crosses in Ohio, marking spots along the state highways where fatal accidents have occurred to motorists and an analysis of the accidents which caused the crosses to be erected shows that:

Thirty per cent of the deaths occurred at railroad crossings.

Thirty-three occurred on straight sections of road.

Six per cent met death at bridges.

Eighteen per cent died on turns and curves.

Hills claimed six per cent of the total, while seven per cent were killed at road intersections.

So it will be seen that railroad crossings, and accidents due to too much speed, collisions or skidding, head the list.

The State Highway Department is firmly convinced that the white crosses have been instrumental in reducing the number of traffic accidents on State highways.

FAIL TO IDENTIFY SLAYER AS CLUBBER

CINCINNATI, O., Jan. 8.—Two Toledo detectives were returning to that city today convinced that Joseph Carr, negro, confessed murderer of Anna Purvis, Lawrenceburg, Ind., farm girl, is not the long-sought "Toledo clubber."

Local police had notified Toledo authorities of the similarity of the attack on the Purvis girl and the long line of attacks on Toledo women. The Toledo detectives stated they could not connect the negro with any of the outrages there.

Carr was to be examined by an alienist today in an effort to settle the questions as to his insanity.

VICTORY OVER DIAZ FORCES REPORTED

MEXICO CITY, Jan. 8.—The already tense situation between the United States and Mexico is becoming gradually more electric as January 21—the date when the new alien laws become effective—approaches.

The Calles government shows every indication of its intention of enforcing this law and at least technically seizing the property of those alien land owners who fail to register in according to the new law.

That the United States is planning some new and perhaps drastic move is seen here in the preparations of Arthur Schoenfeld, counselor of the American embassy here, to leave for Washington Monday and report to President Coolidge and Secretary of State Kellogg.

Schoenfeld is taking with him all available data on both the land and oil laws and also with regard to the activities of Mexico in the Nicaraguan revolution.

DRY RAIDERS MUST FACE TEN CHARGES

YOUNGSTOWN, O., Jan. 8.—Bond was set at \$28,000 each day for C. Burnett and Herman Burks, dry raiders of Canfield, under arrest here for alleged irregularities, in connection with their activities. The two face ten charges, including larceny, possession of liquor,reckless driving, sale of liquor and attempting to "fix" witnesses.

SAVED BY FIREMEN

COLUMBUS, O., Jan. 8.—Firemen brought Mrs. Audrey Bradford and two children, Marvel Greathouse, 3, and Betty Greathouse, 5, from the roof of a porch to safety when the home of the children's parents burned here late yesterday. They took refuge on the roof when flames swept the second story of the home.

LONDON, Jan. 8.—The Prince of Wales was nursing a sprained wrist today as a result of a tumble he took while hunting yesterday in the neighborhood of Melton Mowbray.

The prince leaped clear as his horse went down at a hazardous jump. When the animal had been recaptured, the prince continued on the new bridge over the Ohio river at Point Pleasant, W. Va., thence onward toward the East by well improved highways.

The road in Ohio is known as State Route 11 and if the plans materialize, the next few years may see an enormous increase in the traffic over the route.

The plan to use the National Highway and then the new National road to connect Chicago with Washington, D. C., and eastern points.

CONDITION OF FALL REPORTED SERIOUS

EL PASO, Tex., Jan. 8.—Albert B. Fall, former secretary of the interior, ill with pneumonia here since December 26, today was said to be in a very critical condition.

He has been kept alive since yesterday with stimulants, according to his physician, Dr. H. T. Safford.

Fall is constantly growing weaker as the result of complications which resulted in a relapse, with the pneumonia spreading from his right lung to endanger his heart action.

Members of the family are maintaining a constant watch over the sick man but little hope for his recovery is felt.

AMERICA MOVES TO HALT GUN RUNNING

WASHINGTON, Jan. 8.—The navy has taken steps to prevent gun-running from Costa Rica to the Nicaraguan liberals, it was learned today.

The U. S. S. Galveston left Corinto, Nicaragua, for San Juan del Sur, which is near the Costa Rican border. Earlier reports that the Galveston was chasing a gun-runner in the Gulf of Fonseca, 70 miles north of Corinto, were discounted.

Many prisoners were taken, 300 rifles, six machine guns, seven wagonloads of provisions and 70,000 rounds of ammunition were captured, the dispatches said.

General Noguera Gomez, commanding the Diaz forces, was reported to be in flight.

SLAYER COMMITTED

TO LIMA HOSPITAL

URBANA, O., Jan. 8.—Harry Sprague, 40, World-war veteran, today were searching for Taylor Keyes, 23, of 136 Spring St., Ironon, Ohio, and if they find him, he won't be given another chance.

Keyes was recently paroled on a charge of stealing a typewriter from the Y. M. C. A. No sooner was he freed, according to the police, than he took an automobile and went to Baltimore. Brought back here to answer that charge, Keyes pleaded illness and was taken to Memorial hospital. He slipped through an open window and escaped.

Police said Keyes admitted stealing the automobile and exonerated his companion, Frank Olsen, 18, of 4120 E. 133rd St., Cleveland, but police still held Olsen today.

TRAIN KILLS WOMAN

URBANA, O., Jan. 8.—An inquiry was to be held here today in the death of Mrs. Frances Siville, 81, who was instantly killed on the roof when flames swept the second story of the home.

"RATHER GET COOKED THAN LIFE IN PEN"--PAT

CLEVELAND, O., Jan. 8.—"I would rather be cooked (electrocuted) than go to the pen for life," Patrick McDermott, convicted murderer of Don R. Mellett, told the International News Service here today.

The debonair prisoner, who has lost none of his cocky mien since a jury, Christmas eve, decided that he was guilty of killing the Canton editor,

NEED CURTAILMENT OF STATE EXPENSES COMMITTEE STATES

Joint Body Declares New Revenue Sources Are Necessary

COLUMBUS, O., Jan. 8.—A policy of extremely drastic curtailment in both current and capital expenditures must be inaugurated at once, if the state is to finish the year without a substantial deficit—carried over in the form of unpaid bills."

This assertion is contained in a partial report submitted today to legislative leaders by members of the joint legislative committee on taxation and economy.

"It is apparent, from an examination of the state's finances during the current biennium, that the governor and the state legislature are faced with the necessity of developing sources of additional revenue which will increase the annual revenue fund of the general revenue fund of the state by several million dollars," the committee's report continues.

"It is believed that this task will be extremely difficult, even if the present fiscal year (ending June 30, next) is completed without an actual deficit, and that, in the event there is a substantial deficit at the close of the fiscal year, the task of increasing the revenues to meet future demands and, at the same time, make up the deficit incurred during the current year will be exceedingly difficult.

"In view of the fact that, unless an immediate and drastic policy of curtailment, not only of capital expenditures but, likewise, of current expenditures, is inaugurated, a substantial deficit on June 30, 1927, will inevitably result."

"Consequently, it is recommended that such a policy of drastic curtailment be put into effect without delay, in order that a revenue program designed to meet the future needs of the state can be developed at the 1927 session of the legislature without having the situation further complicated by a substantial deficit at the close of the current fiscal year," the report read.

The report declared that "the state has been financing its expenditures during the fiscal year just closed, in part, from current revenues and, in part, from a surplus from prior years, but the surplus has entirely disappeared and, unless there is an immediate and drastic curtailment of expenditures, the supply of cash will be exhausted by April or May of 1927, with no means of replacement for several months thereafter."

It was pointed out in the report that, although outstanding appropriations or authorizations to incur obligations approximate \$39,000,000 for the current fiscal year, the probable amount of cash available for paying obligations incurred will total about \$24,500,000.

"Obviously, it will be out of the question for the state to incur obligations in an amount any ways near \$39,000,000," the report reads. "At the same time, drastic curtailment along the line will be required to confine expenditures to an amount in the neighborhood of \$24,500,000."

Members of the committee expressed belief that the state budget should be balanced for each fiscal period and that appropriations should be kept within the resources for the period to which they apply.

The report goes to considerable length in submitting recommendations relative to budget procedures for the state, the preparation of the next appropriation act by the legislature, and concerning the budget for the fiscal year 1929.

ATTACKS WIFE WITH BALL BAT AND GUN

CINCINNATI, O., Jan. 8.—Joseph Brown, 52, of this city, was held by police today on a charge for shooting with intent to kill, following an alleged confession made to police yesterday that he had attacked his estranged wife with a ball bat, then shot her and then attempted suicide.

Mrs. Brown was suffering from a fractured skull and gunshot wounds in another Detroit series by way of additional reward, they merely convicted themselves as self-tortured trimmers. But they failed to involve the others in any way, first because James could not be shaken from his position and, second, because the word of a self-confessed "fixer" carries no more weight than a politician's promise.

Gandil's testimony, in fact, proved something of a disappointment. He made a good witness but his alleged revelations hardly bore out his prediction that they "would shake baseball to its foundations." They merely elaborated a bit on the testimony of Risberg, but added nothing of great importance.

Indeed, Gandil fell down badly when he tried to pass the lie to Eddie Collins' statement, that he

(Continued On Page 6)

GOVERNMENT SENDS FORCES AS WARNING TO MEXICO, BELIEF

COUNSELLOR OF U. S. EMBASSY CALLED TO WASHINGTON

WASHINGTON, Jan. 8.—The traditional American "big stick" has been taken from its shelf and polished up for possible use anywhere below the Rio Grande, Mexico included.

This view was universally accepted in Washington today in the wake of developments of the past forty-eight hours, which have included the concentration of fifteen warships and 5,000 men in Caribbean waters and the positive announcement from the White House that the administration is prepared "to protect American interests wherever threatened."

Inasmuch as President Coolidge and Secretary of State Kellogg consider that nowhere are American interests so threatened as in Mexico, the White House announcement was regarded on every hand as a thinly veiled warning to the Calles government. It was directed at Nicaragua but aimed at Mexico.

Further evidence that the administration's present vigorous policy in quelling the Nicaraguan revolution is in reality a demonstration of American power to impress Mexico City was furnished today by an analysis of the fighting strength which has been concentrated in Nicaraguan waters—within easy striking distance of the east coast of Mexico, where most of the American oil fields and large interests are located.

There are six light, fast cruisers, seven destroyers, a submarine tender and a mine sweeper now adjacent to Mexican waters, carrying a fighting complement of 5,000 marines and bluejackets.

Arthur Schoenfeld, counsellor of the American embassy in Mexico City, has been summoned to Washington. He is due to arrive here by January 21, the date on which, under Mexico's new land and petroleum laws, all foreigners who have not complied with the laws are due to relinquish control on their properties.

It is considered probable that the Nicaraguan revolution can be quelled without the firing of a single American shot, despite the imposing array of ships and men which the American government has sent to that troubled little country.

The process is to be, according to information here, for Admiral J. L. Latimer to extend the "neutral zones" as rapidly as possible. American troops take possession of these zones, disarm both the government forces under Diaz and the revolutionaries under Sacasa. Eventually, thus process will succeed in disarming all the combatants and leave control of the country in the hands of Diaz, which is just where the state department wants it. Diaz was elevated to the presidency by the series from Boston.

The greatest possibility of "trouble" is admitted to be in the efforts of Mexican gun runners to get arms to the Sacasa forces. Sacasa is recognized as the constitutional president of Nicaragua by the Calles government of Mexico.

If American naval forces intercept a Mexican vessel carrying arms to Sacasa, an open clash may result, which will have far-reaching effects. Mexico, if she chooses, can stand stiffly on her prerogatives as a sovereign nation and insist on being permitted, under international law, to sell arms wherever she pleases. The belief prevails here, however, that the Calles government will proceed cautiously to avoid open hostilities.

Meanwhile, the senate revolt against the administration's "big stick" policy showed no signs of abating today.

Senator Borah, Republican, of Idaho, chairman of the senate foreign relations committee, has broken absolutely with the administration and he is supported by the Republican insurgents and by a considerable number of the Democrats.

A storm is brewing in the senate which may be expected to break at any time.

FOUR LEAVE BEDS DURING NIGHT FIRE

COLUMBUS, O., Jan. 8.—Four persons were forced to flee in their night clothes here early today when the home of H. T. Carpenter, southeast of the city, was destroyed by fire. Explosion of coal gas formed in a hot-air furnace is thought to have caused the fire.

Carpenter, his wife, a grown son and daughter were aroused from their beds by the explosion and fled from the house without saying anything but their night clothes and overcoats.

Loss is estimated at \$6,500.

SALE DATES RESERVED

Feb. 9.—Mr. J. C. Short

MOTORDOM

AVERAGE FORD CAR LIFE LONGER THAN OTHER CAR MAKES

Detailed results of a study of the life history of automobiles in use have been published in a bulletin recently issued by the Bureau of Business Research of the University of Michigan.

The study was conducted by C. E. Griffin, professor of marketing at the university. The method used was to take a sample of cars registered in 1923, compare it with a sample of cars registered in 1924, and from the comparison determine the "death rate" for cars of various ages in the period intervening.

The registration records of the State of Michigan were used for the study. In the years mentioned, the Michigan authorities obtained from registrants the date of their cars' manufacture, as well as data covering the make, license number, and name and address of owner, making possible an accurate study. The total number of cars involved in the study was 90,886.

Definite conclusions regarding the life of automobiles in general and of Ford cars in particular are given in Professor Griffin's summing up of the results. Regarding cars in general, Professor Griffin says:

The mortality rate for automobiles follows a curve similar in form to that for human lives and for various types of industrial goods.

The average life of motor vehicles generally is 7.04 years. And concerning Ford cars:

The average life of Ford cars is substantially longer than the average life of all other cars as a group.

In conclusion, Professor Griffin remarks: It may be surprising to some readers, in view of the fact that Ford cars are among the lowest priced cars on the market, to note that the life curve for these cars shows them to have higher survivor rates than have all other cars taken as a group.....there are some a priori grounds for expecting that result. The low cost of repairs, the relative simplicity of the mechanism.....the large number and wide distribution of the service stations, all would tend to that conclusion.

"DRIVE THE CAR" IS INVITATION FROM DODGE CAR DEALERS

Nationwide interest has been aroused by the invitation "Now Drive the Car" which has been extended by Dodge Brothers dealers from coast to coast to all owners of motor cars. Everyone who owns or has driven one of the improved cars, according to Fred Johnston, local dealer, has immediately noticed the increased quietness, more rapid acceleration and greater power and speed. All express surprise at the remarkable smoothness of power throughout the entire range of engine speed.

"Conforming to policies established twelve years ago," Mr. Johnston states, "the maker has quietly and unceasingly worked for the betterment of his product. Each suggested improvement has undergone most thorough tests over long periods both in the laboratory and on the road before its adoption to demonstrate clearly that the change would result in a better Dodge Brothers motor car."

Dodge Brothers, Inc., announced important basic improvements recently incorporated in their motor cars in their characteristic conservative manner. Their advertising contained no extravagant or spectacular claims. No undue emphasis, no use of superlatives was resorted to for the purpose of focusing attention onto first one and then another of the improvements. The natural result of this sound policy has been interest everywhere in the exact nature of the changes made to better Dodge Brothers motor car.

Five-Bearing Crankshaft. "The new five-bearing crankshaft, replacing the three-bearing type, by reducing vibration to a minimum gives impressive new silence, smoothness and elasticity. The former support afforded by the extra bearings and the stiffer crank-case insures longer life with less need for any mechanical attention. The crankshaft bearing area, in fact, is now over one third larger and the weight of the crankshaft has been materially increased."

"The new shaft is forged from a three-inch bar of chrome-vanadium steel, machined all over and then carefully balanced. Although this new crankshaft is much more costly than the previous type its adoption is amply justified by the improved engine performance."

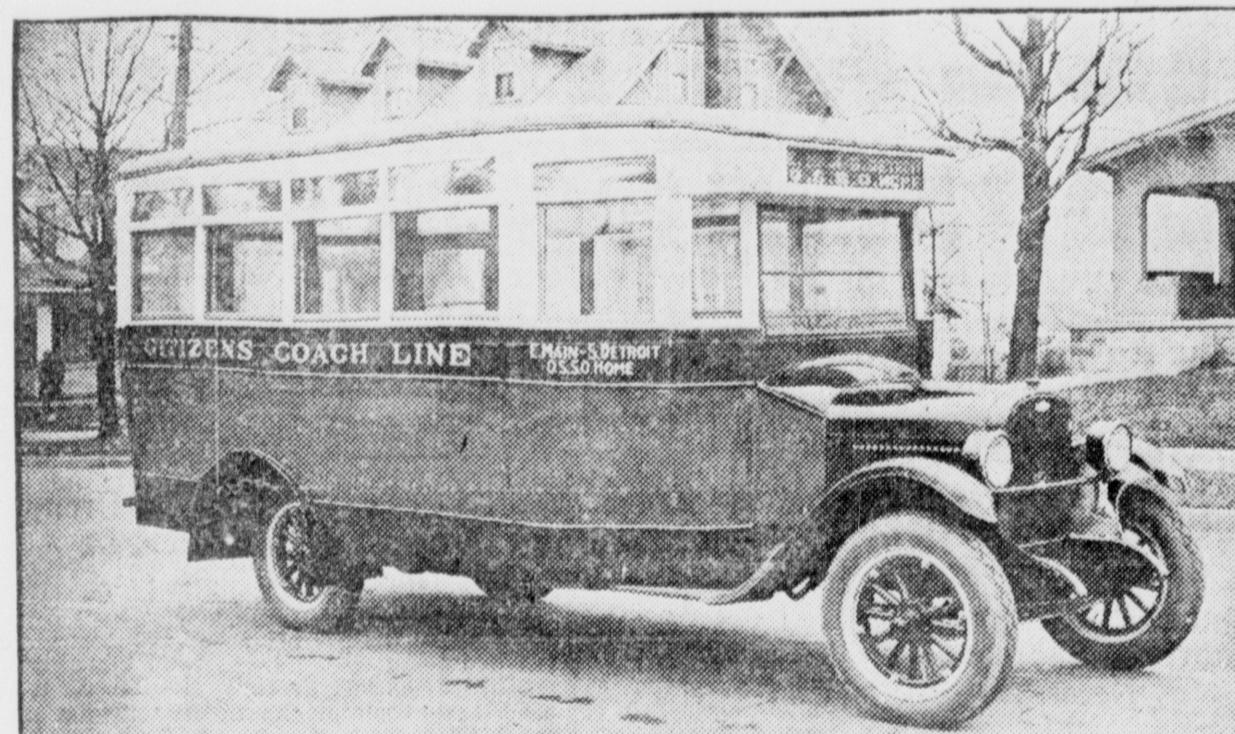

CHURCH TO STUDY MOHAMMEDANS

Ninety members of the First Presbyterian Church, Cedarville, enrolled in a School of Missions, which will meet each Wednesday evening in January to study the Mohammedan World, last Wednesday evening. The school is divided into two periods, a social hour and supper from 6 to 7 o'clock and a study period from 7 to 8.

There are five classes, two adult classes under the leadership of Dr. W. P. Harriman and Miss Alberta Creswell; two classes for young people of high school and college age, being taught by Prof. B. E. and Mrs. B. E. Robinson, and one class for children conducted by Mrs. Clayton McMillan.

The men of the congregation served a delicious meal at 6 o'clock. Next Wednesday evening the supper will be prepared and served by the members of the Christian Endeavor Society.

CHEVROLET BUS SERVING CITY ROUTE PATRONS

The Chevrolet was the machine chosen by Oscar Sturgeon of this city when he was looking for a passenger bus that would stand the strain of day in and day out service over a route that in some sections was over an unimproved, rutty street.

The bus, which is a seventeen passenger street car type, not only

looks good but is good in every detail. The conveniently placed seats are upholstered in genuine leather. Hot air heaters keep it always comfortably warm on even the bitterest winter day. The bus is compact, solid, tight, and has every detail of up-to-date convenience. The body lines of the big car are good and it is painted in a pleasing color combination.

This bus which serves the people of Xenia on the route to the O. S. & S. O. Home and East Main Street is one that is a credit to any city. It was selected by Mr. Sturgeon after careful comparison of the merits of many automobile busses and is proving splendidly adapted to this type of work.

Nunlist's salary as state engineer has been \$4,000 per year. The appointment will not become effective before about March 1.

HOME MISSIONARY SOCIETIES TO MEET

It is unofficially reported that Henry A. Nunlist, state highway engineer in charge of the division comprising the eight counties in southwestern Ohio, who has sent his resignation to Governor Donahue, will be succeeded by Henry W. Walsh, 235 N. Galloway St., Xenia, his first assistant.

Walsh has had seven years experience in highway work and for the past three and one-half years has been first assistant to Nunlist with headquarters at Cincinnati.

Born in Bath Twp. and educated in the township schools, Walsh took an engineering course at the University of Dayton prior to becoming connected for a time with the city engineer's office at Dayton and with the Montgomery County surveyor's office.

He became deputy surveyor of Greene County under Surveyor W. J. Davis in 1920 and for two and one-half years worked on highway maintenance. He was then made highway superintendent in maintenance work for the district comprising Greene, Warren and Clinton Counties for one year before he received his promotion to be first assistant to Nunlist.

His appointment is generally conceded although Mr. Walsh has received no word to that effect. He will continue to make his home in Xenia, maintaining headquarters at Cincinnati, in the event he is given the promotion.

Nunlist resigned to become a partner of James A. Stewart, Cincinnati, former city engineer. He had worked with Stewart for sixteen years prior to becoming state highway engineer four years ago and now returns as a partner of his former employer.

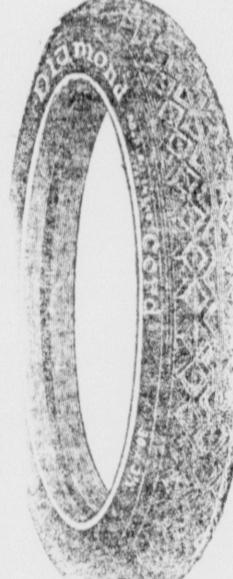

Walsh has had seven years experience in highway work and for the past three and one-half years has been first assistant to Nunlist with headquarters at Cincinnati.

Born in Bath Twp. and educated in the township schools, Walsh took an engineering course at the University of Dayton prior to becoming connected for a time with the city engineer's office at Dayton and with the Montgomery County surveyor's office.

He became deputy surveyor of Greene County under Surveyor W.

NEW JASPER FARM BUREAU RE-ELECTS

Officers of New Jasper Twp. Farm Bureau, were re-elected at the annual business meeting and social gathering, Friday night.

Fred Williamson was re-elected president; Alonzo Hollingsworth, vice president; Walter St. John, secretary, and Charles N. Fudge, livestock director.

The meeting was well attended, about thirty being present. A covered dish dinner was served, followed by short talks and the business meeting.

SPRING VALLEY

Mrs. Russell Hiatt and children have returned home after spending some time in Wilmington where she was called by the death of her father.

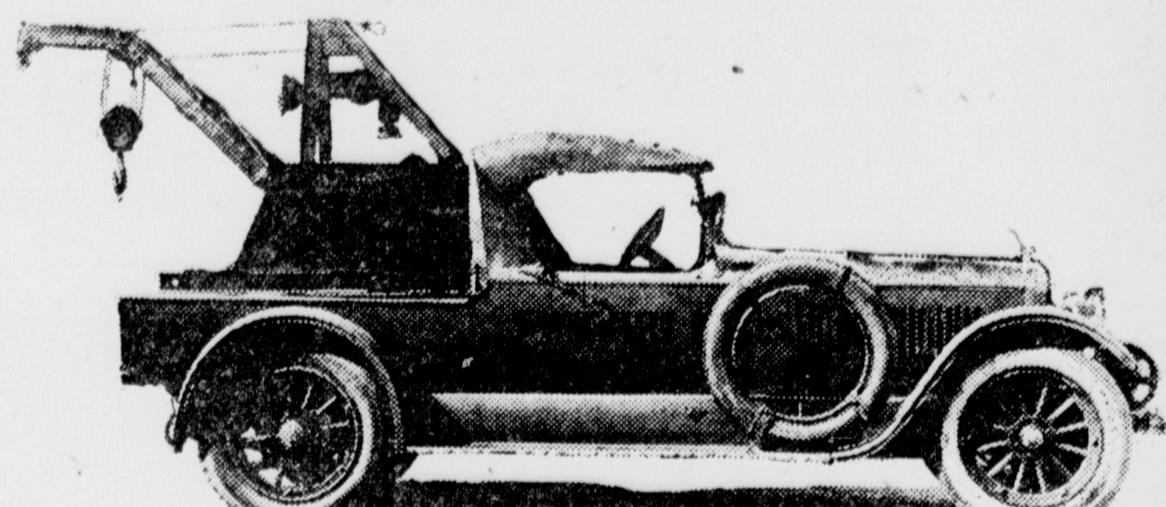

Mr. and Mrs. Jesse Jensen and daughter Jessie Ruth of Dayton, Mrs. Hoover Tedwell of Greensborough, N. C., were guests Sunday of Mr. and Mrs. Clarence Bagford.

School opened Monday.

The Young Peoples meeting will be held in the Friends' Church next Sunday evening.

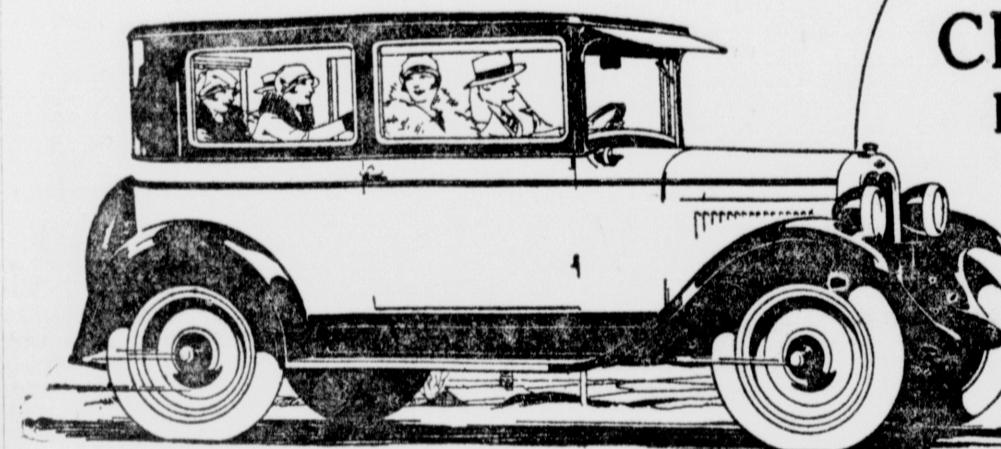

Mrs. Minnie Darner of Dayton spent New Years with Mr. and Mrs. I. A. Peterson.

The Greatest Sensation of America's Greatest Industry!

The Chevrolet Coach Improved in Quality -yet reduced to \$595.

f. o. b. Flint Mich.
Former price \$645

New and Marvelously Beautiful Fisher Bodies—a host of Mechanical Improvements—New Features found only on the costliest cars

plus an Amazing Reduction in Prices

America has always expected great things from its greatest industry. But the announcement of the Most Beautiful Chevrolet has been the automotive sensation of all time!

Here is a car which in beauty, luxury, quality and modern design challenges the costliest creations of the day. Here is a car which in beauty, luxury, quality and modern design challenges the costliest creation of the day.

Seven superb models styled as low priced cars were never styled before and offering such marks of fine car distinction as: full crown one-piece fenders, bullet type lamps and "fish tail" rear deck modeling! New and supremely beautiful bodies by Fisher! And, above all, infinitely finer quality—the result of a host of additional improvements such as AC oil filter, AC air cleaner, coincidental steering and ignition lock, larger 17 in. steering wheel, gasoline gauge and many others!

All this is combined to a supreme degree in the long famous leader of the Chevrolet line—the Coach. It would be a brilliant achievement for any manufacturer merely to design such a splendid car to sell at ANY reasonably low price. But to sell it at the amazing price of \$595 is a feat of history making proportions. This one price reduction alone would suffice to center world-wide attention on Chevrolet. But due to economies of tremendous production plus the vast resources of General Motors, Chevrolet also announces striking price reductions on other models.

For years Chevrolet has led the world in providing quality at Low Cost. But now with a new and more beautiful car—with a car infinitely finer in quality and greatly lower in price, Chevrolet stands supreme and unchallenged in dollar-for-dollar value!

No matter in what price class you intend to buy or whether you plan to spend more or less than the price of a Chevrolet, come in today and see the most beautiful low priced Coach ever designed. Admire its marvelous style and grace! Mark its many new fine-car features! Learn for yourself by personal inspection why, at its new low price, it is the greatest sensation of America's greatest industry!

Mrs. Sarah Hunt, Westerville, O., is visiting her cousins, Miss Clara Martin and Mrs. John Bradley, for a few days. Mrs. Hunt arrived Saturday.

Mrs. Anna M. Haverstick, W. Market St., returned Saturday morning from Dayton, where she spent two weeks with her son-in-law and daughter, Mr. and Mrs. W. L. Reynolds, of Hills and Dales.

Mrs. Sherwood Gerhardt, Yellow Springs, is recuperating from a tonsillectomy, performed at the offices of a local physician Saturday morning.

Mr. Walter Wildman, Selma, underwent a tonsillectomy at the offices of a local physician, Saturday morning.

Mrs. Emma Coy, Dayton, formerly of Xenia, who submitted to a serious operation Wednesday, is improving favorably.

The contest party of Orient Hill P.T.A., Monday, will be held in the afternoon at 3:15 o'clock, instead of in the evening, as previously announced.

Dr. and Mrs. J. A. Yoder and family left Saturday for Mount Dora, Fla., to spend three months.

Attorney M. A. Broadstone, E. Church St., left Thursday for Florida, to remain until the first of April.

Ladies Aid Society, Trinity M. E. Church, will hold the regular all-day meeting, Wednesday at the church. Members are asked to note the change in the day. The first division will be in charge.

Gleaner Class, First M. E. Church, will be entertained by Mrs. V. L. Faires, at her home on Sheridan Drive, Monday evening at 7:30 o'clock. A full attendance is desired.

The January meeting of the Sara M. Chew Missionary Society of Trinity M. E. Church will be held Monday evening, January 10, at 7:30 o'clock at the home of Mr. and F. Thomas on N. Detroit St.

Male quartet of First United Presbyterian Church, will sing at the union service at First M. E. Church, Sunday evening. The quartet is composed of Messrs. Herman Eavey, Glenn Reed, Carl Ervin and the Rev. J. P. Lytle.

Mrs. Ray Cox, N. Galloway St., is convalescent, after being confined to her home by illness more than a week.

Mrs. Frank Hustmyer, W. Main St., has returned from Chillicothe, where she spent several days with her son-in-law and daughter, Mr. and Mrs. Robert Althoff. She was accompanied by her little grandson, Bobby Althoff.

Mr. J. L. Johnson, Mount Washington, Cincinnati, is spending two weeks with his son-in-law and daughter, Dr. and Mrs. John Ayer, W. Second St.

Mrs. James Liddle has been confined to her home on Allison Ave., several days with an attack of grip.

Miss Ruth Ester, Elyria, former pupil at the O. S. and S. O. Home, and graduate of Ohio State University, has been employed as teacher in the sixth grade at the Home. She succeeds Miss Eva McNinch, who left for Columbus with her sister, Mrs. O. T. Sheets, to reside.

Mr. Harold H. Whittington, Pittsburgh, Pa., spent Friday night in Xenia, his former home. He had been attending a convention of Proctor and Gamble representatives in Cincinnati.

Dr. J. R. McCormick has returned to his dental office, after being confined to his home on N. King St., some time with grip.

Mrs. Charles Humpan has sold her property, 634 W. Main St., to Mr. Ralph McClellan. The McClellan family moved from the farm they formerly occupied on the Cincinnati Pike, to their new property this week. The deal was completed Wednesday. Mrs. Humpan will occupy an apartment in her former home for the time being.

Former Greene Countian Is Dead

Thomas L. Beal, 68, former Greene Countian, died at his residence, 1242 Carlisle Ave., Dayton, Friday at 4 p.m. Mr. Beal resided for a number of years on a farm near Gees Station, moving to Dayton about twelve years ago. He is survived by his widow, Mrs. Elizabeth Beal; two daughters, Mrs. Walter Foreman; Mrs. Ralph Angel; one son, Arthur Beal; four grandchildren; one brother, Morris Beal, and two sisters, Mrs. Reinhardt and Mrs. Weimer.

Funeral services will be held at the Dayton residence, Monday at 1 o'clock, and interment will be held at Woodland Cemetery, this city, before interment there at 3 o'clock.

TELEPHONE USERS PROTEST NEW RATE

SABINA, O., Jan. 8.—Signatures of more than 100 Richland Township and Sabina subscribers to the Clinton Telephone Company were secured to petitions protesting the company's proposed rate increase, at a meeting of subscribers held in the Mayor's office at Sabina, Thursday evening.

CHALLENGES YOUTH TO SACRIFICE AND SERVICE IN PUBLIC

"Instead of sending Peter as missionary to the 'Gentiles' God chose a younger man, Paul, who could grow with the new order and catch the inspiration of this new life and service," said the Rev. W. N. Shank, pastor of First M. E. Church, at the Friday evening service of the Week of Prayer at First Baptist Church. "Paul was not to be deterred from his mission either by persecution, trial or opposition," the speaker declared.

The Rev. Mr. Shank expressed the hope that the advancement along the lines of commercialism, invention, education, etc., would not break down the institution of the home.

The Rev. Mr. Shank said, "The tragedy of the New Testament was when Jesus called a young man to follow Him, but instead of following Him, he turned away sorrowfully, not catching the vision of a life of sacrifice and service. This certain young man was a symbol of all young people who fail to catch the inspiration of a higher life service," the speaker declared.

He closed by giving a challenge to "Youth" to weave into public opinion a finer moral sentiment, to impart this moral sentiment to all public institutions, the magazines, newspapers, movies, politics and all phases of individual and public life.

There will be no Saturday evening service. The closing service will be held at the First Methodist Church, Sunday evening at 7:30, when Dr. V. F. Brown will bring the message.

EAST END NEWS

MRS. JAMES HARRIS
Correspondent

TEL. 91-R

CEDARVILLE

Mr. J. J. McClellan of Joplin, Mo., and his daughter, Miss Marjorie McClellan, who has been in school in Chicago, were the guests of the former's mother, Mrs. Lucy McClellan, last week.

Dr. C. M. Wilcox of New Paris, O., was the recent guest of Mr. and Mrs. A. E. Richards.

Mrs. Rosa Smith was one of the fortunate winners in the Wagner Jewelry Store in Xenia last week. She won a \$25 wrist watch at that time.

Mr. and Mrs. H. H. Brown returned home last week after visiting with the latter's parents, Mr. and Mrs. N. W. Prowant in Defiance, O. Their children, Ned and Lois remained for a week's visit with their grandparents.

Mr. and Mrs. Lawrence Gillough spent Christmas with Mrs. Gillough's mother, Mrs. Etta Jordan at Winchester, Adams County, O.

Relatives and friends here have received the following announcements: "Mr. Arthur Barber Marshall and Miss Marie Elizabeth Hall announce their marriage on Saturday, December 11, at Los Angeles, Cal." Mr. Marshall is a son of W. L. Marshall, of Columbus and has been located in Los Angeles for twelve years.

Mr. Andrew Jackson celebrated his 83rd birthday Christmas day with his children and grand children.

Mr. Rufus McFarland, wife and sons Dwight and Ralph, of College Corner, O., spent Christmas with Mrs. McFarland's parents, Mr. and Mrs. John Gillough.

Mr. W. O. Thompson has moved to the Martindale farm that he recently purchased.

Mr. R. A. Murdoch will soon improve his garage building with a plate glass front. The room to be improved was formerly used as a theater. Mr. Murdoch will have one of the most modern automobile display rooms in the county after the change is made.

The local churches here are observing the "Week of Prayer."

Mrs. C. E. Masters and Mrs. Ed Hamilton entertained sixteen of

Charles F. Kettering, vice president, General Motors Corporation, will give an address on "Are Parents Slackers?" at 7:30 p.m.

Dinner reservations at \$1.00 and luncheon reservations at thirty-five cents must be made with Mrs. George H. Wood, 25 Schantz Ave., Dayton, by Monday, January 17. Members are asked to specify which luncheon conference they wish to attend.

Seven hundred people are expected to attend the sessions.

PORT WILLIAM

The Ladies' Aid Society held an all day meeting Wednesday at the Community Building.

Mr. and Mrs. Orville Ellis were Sunday dinner guests in the home of the former's grandfather, Joshua Ellis and family.

Rev. R. P. Hudnall has announced that there will be prayer meeting in the homes this week, followed by special evangelistic services and a cordial invitation is extended to you.

Members of the Dover W. C. T. U. met at the home of Mrs. Orville Ellis on Tuesday afternoon of this week. Miss Nora Linkhart was at the meeting.

Mr. Nelson Baker led the Young

Plans for a new drive for members to be known as "The Worthy President's Class" in honor of Worthy President George Killeen, received impetus at the regular meeting of Xenia Aerie, No. 1689, Fraternal Order of Eagles, at the Aerie hall Friday night.

The campaign is in conjunction with a desire of the Grand Aerie of Ohio to pay tribute to the heads of all subordinate Aeries in the state.

Conrad H. Mann, grand organizer has put up special cash prizes for the worthy president succeeding in obtaining the greatest number of new members. The drive will continue during January, February and March.

Officers and members of the Xenia Aerie are working studiously to make this the most successful drive in local history. A member obtaining twenty or more new applications will receive a diamond emblem ring, offered as a special prize by Secretary Otto Hornick.

The year 1927 also commemorates the twentieth anniversary of the Xenia Aerie, which is expected to react as an incentive to members to make good on their new campaign slogan, "500 Members in Xenia by June 1, 1927."

BIBLE THOUGHT

WHY WILL YE DIE?—Cast away from you all your transgressions, whereby ye have transgressed; make you a new heart and a new spirit; for why will ye die, O house of Israel? For I have no pleasure in the death of him that dieth, saith the Lord God: wherefore turn yourselves, and live ye.—Ezekiel 18: 31, 32.

TRUE RELIGION

Men talk much of religion, but what is religion? To suffer greatly, yet to be strong; to be cast down by the mighty, yet to know God in secret places, what does this mean? Trust in the Lord, and at last you will come into your own. For example—

To pass over the desert, foot-sore and weary, dying of thirst yet living on, eyes on a distant goal;

To be paid in tears, yet holding your soul in peace, reaping not at all except to bless;

To plow a furrow where no furrow was before, and to plant the good wheat that you will never live to eat;

To see your children grow up, leave you, and to know them no more, yet to remember them kindly in spite of their selfishness, forgetfulness of your past anxieties, and sacrifices as a father or a mother; and to keep something, a scrap of paper on which as a child the boy wrote his first letter, or the girl drew a house; or to have in a box an old picture of the children who have now long forgotten all about you.

Such comungled memory of joy and sorrow is of the secret history of millions of American fathers and mothers, whose hair is now gray and whose house is all but empty. Yet hope still lingers, though the shadows lengthen and the time is running to the end.

Or, as Dr. Johnson says, "It is better to suffer wrong than to do it and happier to be sometimes cheated than not to trust."

"Faith and unfaith can ne'er be equal powers,

Unfaith in aught, is want of faith in all."

And, from the Good Book: "I exhort you that ye should earnestly contend for the faith which was once delivered unto the saints. Faith is the substance of things hoped for, the evidence of things not seen."

MANY VACANT PULPITS

Within the memory of Americans by no means "old," great fortunes were built up by "abusing the rich". The grand lady, riding in her carriage was supposed always to take delight in spattering mud on her poor sister who chanced to be the wife of a working man. The capitalist was a dragon breathing fire on his employees. The landlord was always pictured with the papers in his hand, evicting the tenant for non-payment of rent.

Class against class, capital against labor, for many years the stock-in-trade of thousands of orators, scribblers, and also by wise men who should have known better, built up many huge fortune in printer's ink. Looking backward, it seems strange that such clap-trap should have proved so immensely profitable.

Where did the idea come from?

It was a child of the French Revolution, surviving until the World War ended the vogue of "that" type of writer. Jean Jacques Rousseau mis-branded "father of Democracy," tells all about it. His book, "The Social Contract," keyed in a strike, class against class, is the theme that brought on the French affair of the guillotine and the horrors of civil war, ferocious beyond the telling. With a copy of Rousseau's book on the table, the American writer of yesterday needed no further inspiration. He could lock the door, end by "lifting" and rewriting barrages from Rousseau, could supply the press week after week, year after year, with the peculiar type of ignorance that passed for knowledge—once upon a time so much adored by American politicians.

But we are done with it forever. The World War showed that all men's work is co-operative, capitalist and laborer, rich and poor. A writer that can see clearly a rascal in broadcloth but not one in blue jeans is not preaching Democracy but Hypocrisy. Like the patriot in the old story:

"With one hand he put

A penny in the urn of poverty,

And with the other took a shilling out."

SONGS of a HOUSEWIFE
by Marjorie K. Rawlings

CHILD WISDOM

(Suggested by A Reader)

"Children should be seen, not heard,"
The ancient saying goes.

But childish wisdom is profound,

As every mother knows.

A child knows where persimmons grow,
And where the perch are found.
He knows when hickory nuts are ripe,
And where wild grapes abound.

He has what sages long have taught—
Communion with out-doors.

And wise and shrewd, he knows when folks
Are hypocrites or bores.

Doctors now say that castor-oil
Is dangerous and should go.

Why, children knew that obvious fact

A hundred years ago!

Every housewife probably has some pet activity she would like to see glorified. Drop a line to Mrs. Rawlings, care of this paper, and tell her about it.

The Brand That Never Fails

Keeping HEALTHY
by Dr. A.F. Currier

Does Lack of Sleep Quicken Brain Activity?

We are told of an interesting experiment that was recently tried upon three college students. The students were said to be normal in sleeping capacity and habits. In preparation for the experiment they were carefully drilled in problems of multiplication until an odd number in three figures could be quite readily multiplied by another odd number in three figures by mental arithmetic.

The problems with the errors and the time consumed were recorded and the average computed for each student. Then on a morning determined upon, the students were each awakened at the same hour two hours earlier than they had been accustomed to awake, and each was given fifteen minutes to show a gain in energy; it is not impossible. But it certainly opens up the interesting question of the great value of a regular allowance of sleep for the performance of our daily tasks.

No other way that I am aware of can any individual cheat himself more effectively than by diminishing the hours of sleep. It is then that the tissues recuperate and gather themselves together for a renewal of their tasks, and if this provision is wanting it must inevitably affect the efficiency and the durability of the mechanism of the body.

QUESTIONS AND ANSWERS

P. N. 1: Am 53 and troubled with sour stomach. What will relieve it? 2. Have had kidney trouble and every three or four weeks I have suppression of urine and intense pain in my left kidney. Please advise me what to do.

Answer—1. Take a teaspoonful of bicarbonate of soda in half a glass of hot water after each meal. 2. I am afraid you have stones in the left kidney. You should have an x-ray picture taken and if my suspicion proves to be correct you should have an operation for the removal of the stone or stones.

Ask Dr. Currier that medical question that has been puzzling you. Confine your letter to fifty words and send stamped, addressed envelope for reply. He cannot, of course, make individual diagnoses, and he reserves the right to decide as to the propriety of queries.

How to Achieve Beauty

BEAUTY DONTS

I want to impress the importance of keeping relaxed at all times and also to stress the fact that to retain your beauty you must give your body the proper amount of exercise, rest and sufficient sleep.

Some people need more sleep than others, but the average person requires at least eight hours a day oftentimes nine hours, depending particularly on one's daily duties or routine of work.

A warm bath taken just before going to bed at night helps considerably in relaxing the nerves and preparing one for a restful sleep.

The secret, too, of keeping relaxed while going about your daily duties is another important step toward a lasting maintenance of your beauty.

So many women, especially those in business or who participates in a busy social life, become tensed up and do not realize how badly they need relaxation until they are through the day. Then they know it by several signs, either the nerve center at the back of their neck feels tied up, or there is a numb feeling in the legs, or little creepy pains are felt at the wrist—these all indicate nerve tension. When you first feel these signs, proceed at once to do everything possible to promote relaxation.

A very excellent way to completely relax all the nerves or muscles in your body is to go through a series of stretching exercises, done, if possible, to the rhythm of music. Begin by letting your head relax completely so that you can roll it around on your shoulders as though you were a

rag doll. It is really hard to conceive how difficult it is to let your head go or to loosen up the cords at the back of the neck, which really hinge the head to the body.

Close your eyes and when your head begins to relax, you will feel relaxed all over. Then proceed to go through a series of stretching exercises. Roll about on the floor, then stand up and stretch your arms and legs like a cat. Go through every sort of a stretching relaxing movement that you can think of. After about ten minutes of this performance you will feel as though you did not have a nerve in your body, "loose" all over—completely relaxed.

Five minutes deep breathing every day before an open window will help considerably to keep the body fit, the skin clear and the eyes bright.

Be sure you use only the genuine Bayer Aspirin, marked with the Bayer Cross, which can be had in tin boxes of twelve tablets for few cents.

**CENTRAL ATHLETES
BEAT GREENVILLE
HANDILY ON FRIDAY**

Central High School's hard-to-beat dribblers annexed their fourth straight victory of the season Friday night winning over Greenville High at Greenville by the comfortable margin of 32 to 7.

The score at the half stood Xenia, 8; Greenville, 4. In the second half the Blue and White clearly demonstrated its superiority, outscoring its opponents 24 to 3.

Greenville was ahead at only one point in the game, leading 4 to 2 for a time in the opening quarter.

Coch Kolb was apparently intent upon saving his regulars for the more difficult game with Zanesville High at Central gym Saturday night and substitutes composed the lineup for the greater part of the contest.

Clemans led both teams in scoring with nine markers. Alexander made three for the home five. Prugh, Buell, Gibney and Rountree broke into the lineup and distinguished themselves.

Starting lineups:

Central (32) Pos. Greenville (7) Clemans I. t. Miller Morton r. f. Nicholson Hill c. Sink Marshall l. g. Gesser Gibney r. g. Alexander

**SPRING HILL FIVES
KNITTED IN LEAGUE
STANDING ON COURT**

Spring Hill fourth and fifth graders are locked in a tie for first place in the Xenia grade school basketball league, each with two victories and no defeats as a result of the second round of play Saturday morning at Central High gym.

Spring Hill advanced one step nearer the fourth grade championship of the city by defeating the strong McKinley 4B quintet 12 to 9. Captain Batson again starred for the winners making all of his team's points. Randall was outstanding for McKinley.

In the second game Spring Hill kept its slate clean by winning from McKinley 5B 22 to 2 Ringer and Carver looking best for the winners.

The sixth grade game developed into one of the most exciting struggles of the round, McKinley 6B finally triumphing over Spring Hill 6A by a score of 11 to 8 after a fierce battle.

Cramer was outstanding for Spring Hill but on the McKinley five better team work prevailed and this decided the issue.

Next Saturday morning the third round will bring together the A and B teams of McKinley fourth, fifth and sixth grades, paired off according to classes.

League standing at the end of the second round:

Team.	Won.	Lost.	Pct.
Spring Hill 4	-----	2	0	.000
Spring Hill 5	-----	2	0	.000
McKinley 6A	-----	1	0	.000
McKinley 6B	-----	1	1	.500
McKinley 4B	-----	0	1	.000
McKinley 5B	-----	0	1	.000
McKinley 4A	-----	0	1	.000
McKinley 5A	-----	0	1	.000
McKinley 6A	-----	0	1	.000

Greene County Lumber Co. pin pushers maintained their two-game lead in the Xenia Bowling League and kept abreast of the pace set by the Fords and Arcades this week by taking a set of three games from McCurran Brothers Friday night. Dice rolled 602 and Peterson 610 for the winners. Box score:

Greene County Lumber Co.	Brickel	188	179	155
McCormick	Peterson	199	204	207

BOWLING

**JUNIOR HIGH LOSES
TO WAYNESVILLE
JUNIOR HIGH TEAM**

In an exciting struggle Central Junior High School's basketball quintet dropped a close 15 to 14 verdict to the Waynesville Junior High team at Waynesville Friday night in a game that required a three-minute overtime period to decide.

Central got away to a flying start in the initial quarter which ended with Waynesville trailing 8 to 1. In the second period the home five found itself a reduced Xenia's margin to two points, the half ending with the visitors leading 10 to 8.

The final half saw the pastime developing into a furious struggle and at the end of the regulation playing period the score was tied 14 to 14.

In the extra session, Thompson, Xenia's back guard, became overanxious and fouled Ellis, who made the free throw that gave his team the victory.

Bell, Lorimer and Dice each shot a pair of baskets for the visitors and Diniwidie connected twice from the charity mark.

Waynesville will appear at Central gym for a return game the evening of January 14, it was announced.

**CORNWELL BECOMES
HOME COMMANDANT**

First Lieutenant Ozni Cornwell, has been appointed head of military tactics at the O. S. & S. Home and captain of Co. L, 147th Regiment, it was announced Saturday. He succeeds Major Leroy V. John in both positions. Major John resigned both posts more than a month ago.

Lieutenant Cornwell has taken the examination for a captaincy in the army and will receive his commission soon, it is expected.

He has been located at the Home about a year, coming from Marion to act as electrician to the institution. He later took the place of the late O. T. Sheets, Home storekeeper and from that position went into the military department.

Captain Frank Oyler, Columbus, has been appointed storekeeper at the Home, succeeding Lieutenant Cornwell. He was a member of the Fourth Regiment in the Spanish American War, serving in Porto Rico, and served overseas with the 166th Regiment.

McCann, who was director of athletics at Sabina, ejected Arehart from the armory when he refused to leave after being ordered out. McCann ordered him out, it is said, on the ground that he had no right to be there.

**POULTRY RAISERS
TO MEET WEDNESDAY**

Raymond E. Cray, poultry extension specialist, Ohio State University, will attend a meeting of all Greene County poultry raisers and others interested in the project, at the local Farm Bureau office, Federal Building, Wednesday afternoon at 1 o'clock.

Mr. Cray will summarize the 1926 demonstration farm records and also discuss other poultry problems, including the winter care and management of laying flocks.

COURT NEWS

NAMED ADMINISTRATOR

A. D. Mustard has been appointed administrator of the estate of William Barnes, in Probate Court, and has filed bond of \$2,475.35, which was approved by the court.

MARRIAGE LICENSES

Edward A. Reinhart, 236 Park St. Dayton, teacher, and Katherine F. Shuey, 107 Grosvenor Ave., Dayton, O., were refused a license because of non-residence.

WANTS DIVORCE

Helen Fent filed petition in Clark County Common Pleas Court, Friday for divorce from Robert Fent, whom she married in Xenia, July 4, 1922. She alleges gross neglect of duty. The couple has one child, Mrs. Fent seeks divorce, alimony and custody of the child.

**WILL HEAD LEAGUE
DRIVE FOR MEMBERS**

E. H. Heathman has consented to act as chairman of the annual membership "drive" of the Social

Annulment of the marriage of his ward to Perry Edward Ricker on the ground the ceremony was performed with fraudulent intent at the instigation of the defendant, is sought in a suit filed in Common Pleas Court by J. A. Flinney, as guardian of Estella Steele, against Ricker.

The guardian sets forth his ward was adjudged insane in Probate Court January 29, 1925 and committed to the Dayton State Hospital. She is still incompetent and is legal resident of Greene County, the petition continues.

Plaintiff charges that without his knowledge, the defendant obtained his ward to Dayton in May 1926 and the two procured a marriage license when Estella Steele, at the instigation of Ricker, represented herself as a legal resident of Montgomery County and a competent person.

A "pretended marriage ceremony" was performed in May, 1926, he averred.

It is alleged that Estella Steele is owner of 160 acres of land in Xenia Twp. and that knowing she was insane, Ricker married her in order to obtain possession of this land.

The guardian asks that the court annul the marriage and restrain the defendant from asserting an interest in the property. Action was filed by the law firm of W. L. Miller and J. A. Flinney.

ENJOYS FULL LIBERTY

Sarah Miller is not being unlawfully detained by the defendants nor is her liberty being restrained the court held in the case of Howard Guenther, as guardian of Sarah Miller, against Reuben Miller and Grace Miller in Common Pleas Court.

leged County Commissioners con-

tracted to pay all creditors and

The A. K. Grandine Co., when The

Roth Janning Co. defaulted in its

contract to remodel Limestone St.

in Jamestown, is the basis of a

suit filed in Common Pleas Court

by Walter C. Iliffe and Harry

Iliffe, doing business as "Iliffe

Brothers," and Roy Cline against

County Commissioners.

Twenty-one others are named

defendants in the action, a majority

of creditors claiming shares of

the fund.

The Roth Janning Co., originally

contracted to construct the street

for \$22,561.81 September 16, 1925

and under the unit system received

\$5,673.17 in the first payment,

petition recites, also giving \$12,000

bond with The United States Fi-

delity and Guaranty Co.

The company defaulted in Decem-

ber, 1925 leaving the job uncom-

pleted and unpaid bills for \$5,

566.10 it is charged.

In June 1926 Commissioners let

a sub-contract to The A. K. Grand-

ine Co. and Clarence M. Poe, re-

ceiver for the defunct company,

to complete the work for \$12,000

conditional that creditors of the

first concern should be first paid.

There remained a balance of

\$16,892.64 on the original contract,

it is claimed the Grandine Co. was

later paid \$8,696.74 on one esti-

mated and upon completion of the

project the engineer filed a

final estimate of \$6,914.32 remain-

ing in the fund. Total cost of con-

struction was \$21,284.23.

Commissioners, it is charged,

held up payment of this final es-

timate doubting to whom it rightly

belongs.

It is claimed this fund is suffi-

cient to pay both the total claims

of creditors and remaining money

due the A. K. Grandine Co. on its

\$12,000 contract, leaving a balance

of \$4,496.74 that would revert to the

surety company.

Roth Brothers claim to hold

leins amounting to \$611.04 and

Roy Cline a lien of \$1

"YES, I SOLD IT," HE REPLIED;

How to keep children well in winter

TRAVELING WITH BABY IN WINTERTIME
By DR. VIOLA R. ANDERSON
Division of Maternal and Infant Hygiene, U. S. Children's Bureau.

Here are some points for mothers about to travel in winter time with their babies, to remember:

In the first place, don't do it! Don't let a mere question of pleasure or minor convenience make you break Sir Baby's most import-

tant rule of all—that home is the best, and should be the only place for him.

But if an essential necessity arises, as necessities sometimes will in this world, then do everything in your power to take the conditions of home along with you, so that the small person's nervous and digestive systems will receive as little shock as is possible.

A short train trip, not over twenty-four hours in length, can be managed without difficulty. If baby is on mother's milk, the prep-

arations are that much less, as her mother has only to rest as much as possible, to watch that she eat the right things, not omitting her fresh vegetables, her quart of milk, and her fresh fruit. With the bottle-fed baby, the formula may be prepared and the correct number of feedings bottled, stopped with the usual sterile cotton corks, chilled and packed in a container filled with ice and carefully covered. The porter on the train will look out for this container, and will have the bottles heated when feeding time comes. Or, if the utmost care is taken, the formula may be enclosed in a well sealed Thermos jug, which has been chilled, after its cleansing, with cold boiled water, the formula itself being chilled in the ice box before it is put into the jug. This method is open to criticism and is, at best, an expedient, to be adopted in lieu of a better one.

When a journey of several days has to be gotten through with, the preparations are many. There is a rectangular clothes basket, made of splints or willow, which may be had to carry baby in. For a baby under a year old, it should be not less than twenty by thirty inches in size, and should not be filled too full of blankets. Because it has handles it will be easy to move it about from place to place, and the tiny baby can spend almost the entire time in it. It should have the usual bed equipment, including the rubber draw sheet and an assortment of pads. There should be an ample supply of diapers, enough to last out the entire trip, so that none need be used a second time. Paper or rag filters may be used inside the diapers, and disposed of easily, while the diapers themselves may be rinsed and dried and put away for boiling when the destination is reached. Other clothes should be taken in proportion, although no more should be put on than baby is accustomed to at home, except that he may wear a light sacque, unless the Pullman is overheated.

"Well, what do you think happened to me today?" she asked. "Mr. Jack Wallack gave me notice that he wouldn't need me after next week. Of course, I quit on the spot. Then he talked me into coming back for one more day to break in Jane Ayres."

"Jane Ayres!" Honey Lou repeated. "Why, that's the girl Angela said was vampiring him! Well! Do you suppose she is. Margaret! I don't suppose Angela was right, after all? Do you suppose that's why he is giving her your job, and sending you away?"

Margaret shrugged her shoulders. "I'm sure I don't know," she replied. "But I do know this—that he didn't give me any reason for letting me go. Of course, I didn't give him chance to say 'very much.'"

The next morning, while Margaret was at her desk, the door of the office burst open and in walked Honey Lou.

"The wind had whipped bright coral color into her cheeks, but something besides the wind had made her eyes glow with an angry light."

"I think I'll just take a look at this Miss Ayres!" she said firmly to Margaret, glancing around the office.

Margaret shrugged her shoulders. "I'm sure I don't know," she replied. "But I do know this—that he didn't give me any reason for letting me go. Of course, I didn't give him chance to say 'very much.'"
